# Barbera d□Alba, Rocche Costamagna 2023

Red | Italy | Piemonte | 13.5% | Full-bodied red

CODE: BD680233

Barbera is like a mini-Nebbiolo but without the same tannin load which makes it deliciously easy to drink when young. With lashings of brambly, sappy fruit, juicy and fresh with a distant grilled note from being aged in French oak, with a succulent, primary finish. Instant gratification for Nebbiolo lovers.

## Tasting Notes

Indigenous to Italy, Barbera is more widely planted around the world and is often unkindly considered Nebbiolo-lite, with lots of tarry black fruit but without the structure of Nebbiolo. We see this as a positive boon if you are after something more immediate!
