“Another Pinot Noir but from an organic Austrian producer: very fragrant yet also with more weight than the Pinot above; pure, fragrant black cherry fruit – lovely (Private Cellar, £20.85.)” - Andy Neather, aviewfrommytable.

Tasting Notes

To celebrate their 30th year as organic growers, the Mehofer family generously invited the entire Private Cellar sales team out to Austria in October 2022 to experience the harvest first hand, and we were let loose on their one hectare of Pinot Noir. We helped to harvest and part tread, part de-stem the grapes before the juice was fermented – and we’re thrilled with the results!
